A free app that helps kiwis find the cheapest fuel prices closest to them. Relies on consumers to locate and share the best fuel prices in NZ for shared benefit. The search for cheap fuel is not only economically rewarding but surprisingly fun. D.M.

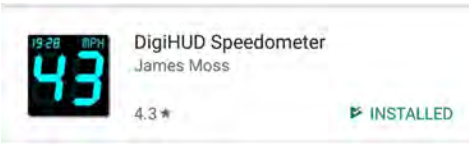

The latest news and information for the community of Marlborough.
 Rated 3+ 5,000 downloads
 Check the permissions asked for before signing up. D.M.

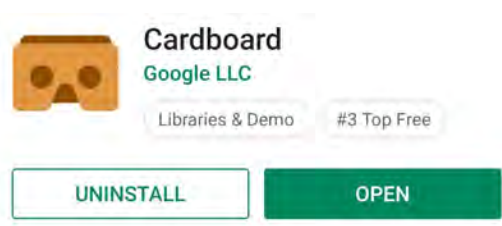

An augmented reality space app. Brings star gazing to everyone. Point your device to the sky to identify galaxies, stars, planets etc. D.M.

Instantly identify plants. 30 million users. Capable of identifying 10,000 plants. I found that it can make errors but mostly very reliable. D.M.

More accurate than the speedo. Fully adjustable and reset.
 Mount your phone on the dashboard (holder available from Noel Leeming).
 Or set it as a heads up display on your wind screen D.M.

Even if you are using another viewer you need an app such as this to make VR work.
 SeniorNet MS has a few Google cardboard devices for sale to members.

What's new ●
 Get a taste of whats possible in VR with the brand new Arctic Journey demo: fly alongside Arctic terns, plant a field of flowers, relax under a sky full of stars and more.

About this app
 Experience virtual reality on your smartphone with Cardboard.
 Cardboard puts virtual reality on your smartphone. The Cardboard app helps you launch your favorite VR experiences, discover new apps, and set up a viewer.

Privacy Advisor Pro (Checker Permissions)

Best App Android

4.6 MB • 4.4 ★

Checks all apps permissions. Allows you to inspect all app permissions on your phone in detail. Helps keep all your private information away from hackers.

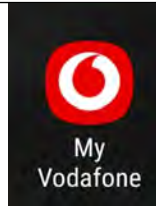

DuckDuckGo

Members who have tried it find it filters out most of the unwanted adds and keeps their data safe. D.M.

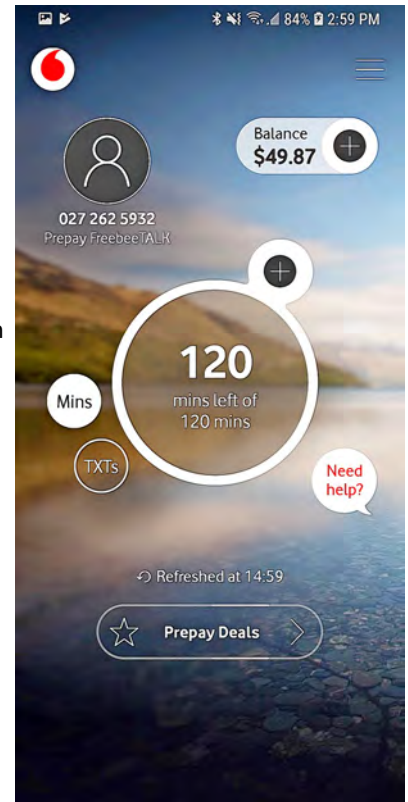

Seamlessly take control of your personal information, no matter where the Internet takes you.

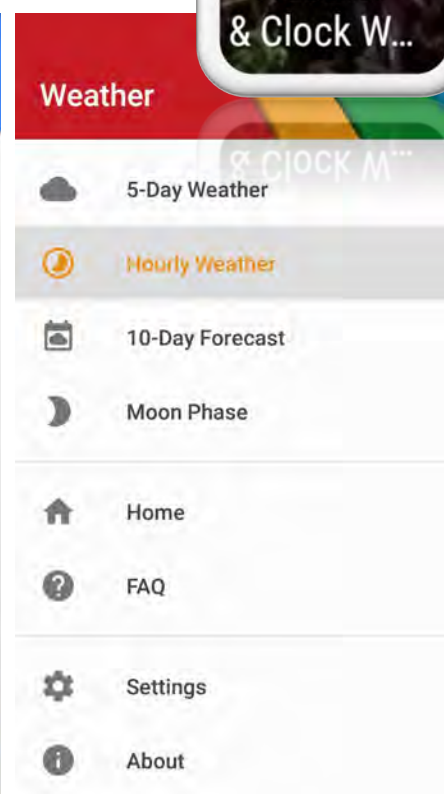

Add DuckDuckGo to your mobile device or desktop browser

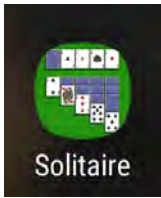

For Pre paid devices this app gives you an easy way to check your balance and add to it quickly and easily.

A weather app tailored for your area. The weather can be displayed in a number of different ways as shown in the right hand display. The small blue circle provides interesting graphics. I use the display in the centre. As well it can show your location and a map of the district. Worth a try as are other tools. Start here.. D.M.

Solitaire

I do one each day from the daily challenge. It helps to keep the brain sharp and staves off memory loss.

The free version has adds but these are easy to dispose of. Don't take any notice of a foot note that says you drive is full—it isn't.

Just takes a few minutes with that early morning cuppa. D.M.

FreeCell Solitaire MobilityWare

I am enjoying your game very much. I appreciate all the options that are available in the settings and the variety of backgrounds, card backs and fronts. Thank you for your efforts developing this game...it's a keeper for me. I am also loving the daily challenges that are built into the experience..:)

Yes No

Fake a photo of an unknown plant and ID it. An app for plant identification. There is a cost but you get quite a few shots for free.

VR Flight

This is just one of a large range of flights. Select from the board the type of flight you want. Use the white dot to navigate.
